Urner Barry regularly solicits feedback from stakeholders to ensure that our coverage reflects current trading conditions and practices. To improve market transparency and to provide stakeholders with meaningful information, Urner Barry is requesting feedback on the following proposed changes to its beef variety market coverage. We are looking at breaking out coverage between fed and non-fed cattle on a few items within the beef varieties market.

Urner Barry is proposing that the items below be broken out between fed and non-fed cattle within the beef varieties market:

- Tongues, Domestic, #1 White Swiss Cut IW
- Tongues, Domestic, #1 Black Swiss Cut IW
- Tongues, Domestic, #2 Swiss Cut IW
- Tripe, Scalded
- Honeycomb Tripe

Stakeholders can comment on the proposed changes during a comment period which will take place from November 20, 2023, to December 20, 2023. Comments will be published on our market reporting methodology page at [urnerbarry.com/markets/methodologies](https://urnerbarry.com/markets/methodologies).
