

PROPOSED EU SHRIMP METHODOLOGY CHANGE NOTICE

Posted November 3, 2023

UrnerBarry
MARKET PRICES, NEWS, AND ANALYSIS

Urner Barry regularly solicits feedback from stakeholders to ensure that our coverage reflects current trading conditions and practices. To improve market transparency and to provide stakeholders meaningful information, Urner Barry is requesting feedback on the following proposed changes to its European Shrimp reporting methodologies:

Moving the quote basis of European warmwater shrimp markets from Euros per Kilogram to US Dollars per Kilogram as \$/kg is the most commonly used unit for price negotiation in the majority of the European warmwater shrimp transactions. European cold water shrimp coverage would remain unchanged. If customers wish to see the quotations in Euros per kilogram, a toggle button will be at the top of the page, but the default will be USD per Kilogram.

Stakeholders can comment on the proposed changes during a comment period which will take place from November 3, 2023, to November 20, 2023. Remarks will be published on Urner Barry's market reporting methodology page at www.urnerbarry.com/markets/methodologies.
